Dedication

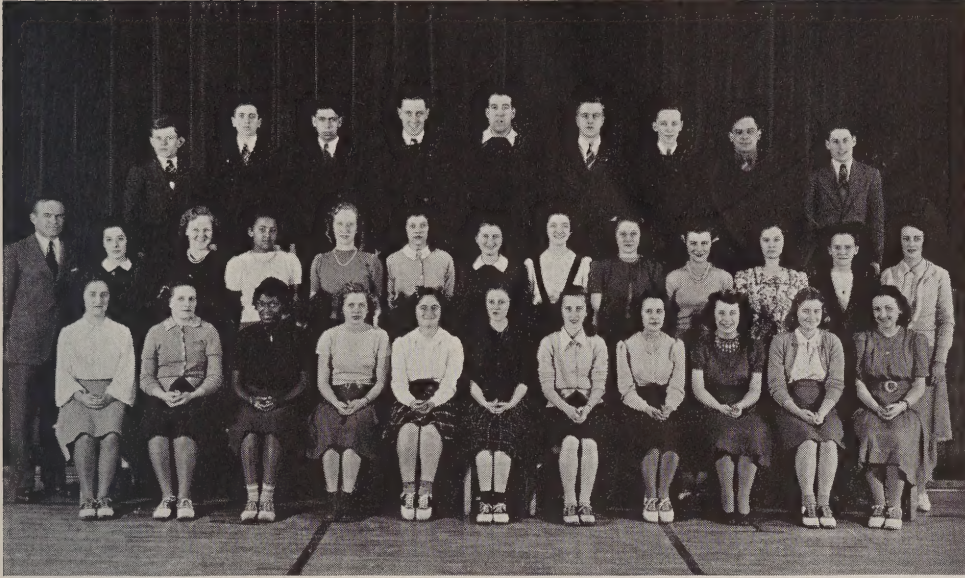

The class of 1940 dedicates its Year Book to Mr. W. A. Pittendreigh, head of the machine and welding departments. This year marks the 25th anniversary of Mr. Pittendreigh's service to the school. Starting in as an instructor in the machine department in 1915, he became head of the department a year and a half later.

The true measure of a man is the test of time. Sometimes stern, yet never harsh; strict, but tempered; critical, but justly so, Mr. Pittendriegh has given himself unsparingly to his task. His achievements need no encomium. They are manifested through his boys who year by year, steadily, and in an ever increasing number, step into industry and become a tribute to our community and our institution.

CLASS HISTORY

We present—the history of the class of 1940! When we finish we won't have to tell you how remarkable we are—you'll say it for us!

It was a beautiful day of September 1936 when we, as freshmen, banded together at the Vocational portals. How sophisticated the upper classmen seemed and how formidable the unknown corridors! As for the Machine Shop Annex, we girls were sure it could not stay up without the support of the Vocational male spectators.

Shy, timid and embarrassed we “freshies” personified the word “inferiority complex.” The boys were quiet and backward (believe it or not) and the girls awed and practically terror stricken. My, how times have changed. . . .

Our sophomore year was better. We had learned our corridors, our teachers, and the fact that the Machine Shop Annex could remain upstanding without human support.

Then came our junior year. Now we were somewhere. As a class we elected Donald Sylvia, president; Irene Lajoie, vice-president; Rosalina Mello, secretary and Alfred Messier, treasurer. Generating a little pep we held a few dances, attended a roller skating party, and sponsored a Junior Prom which proved to be a huge success.

After our vacation we returned joyously as full pledged seniors. Now, we were the ones that had acquired worldly poise and Don Juan technique. This was our last year, our best year, and we hit the anvil hard. Donald Sylvia was again chosen president; Irene Lajoie, vice-president; Bertha Przybyszewska, secretary, and Arthur Barrette, treasurer.

Our social activities included several dances, a roller skating party and a hay-ride which was proclaimed delightful by all who attended.

We are one of the proudest graduating classes when it comes to athletic victories.

Our baseball team had the distinction of winning the Bristol County title. Our powerful football team is the county, city and state champion in its class, and our basketball team has done a splendid piece of work in securing such a large number of victories.

Graduation Day will be the happiest day of our four years at Vocational. Although we shall receive our diplomas with joy (and thankfulness) we shall regret parting with the kindness of the faculty and the good times we have had.

Nosul was gentle, friendly and kind,
Who'd get to school on the nick of time.
It wouldn't be unusual if he came in late,
We still can't figure why he didn't get the gate.

The 1939 football machine was the greatest club ever turned out by Mr. Mackintosh. This power and speed laden eleven won the city, county, and state titles in football. It was the first team in the history of the city to win a state football title. The climax of the season was the teams victory over our city rival New Bedford High. The 6 - 0 score was by no means an indication our teams' superiority over a much bigger and greatly manned rival. Our club outrushed them 250 yds. to 112 yds. and made 11 first downs to their 7. Arthur Barrette crashed through their center for the only score of the game.

Summing the game up we can say that our line out charged New Bedford and our backs out ran and out blocked their backs.

We say farewell to Arthur Barrette, the chunky line smash in halfback and co-captain of this great club; to Joe Stefanik our passing, kicking, blocking and plunging fullback; to "Tops" Lemaire our center bulwark and to Zeta Monteiro who joins the ranks of Vocational's great ends.

Turning out one of the heaviest hitting clubs in this section of the state for the past decade the Vocational nine wound up its season by annexing the Bristol County League Baseball Title. Martin, Bill and Henry Hathaway joined to make a formidable pitching staff. The outfield of Stefamik, Koczera and Bobrowiecki was the county's "Murderer's Row". Hard working "Manny" Borges, Johnny Mysona, Tenczar, Captain Lloyd and "Bunny" Wood rounded out the classy infield.

In the final game of the series with New Bedford High, our boys came through with a 10 - 9 win to clinch the championship.

"A team that won't be beaten, can't be beaten." This small band of iron-legged, courageous tracksters had to overcome many obstacles to even form a team. Chief among these was the lack of proper training facilities. Our mercury winged speedsters did their training on the New Bedford streets! Despite this and other handicaps the team again won the Massachusetts State Relay Championship.
